## HISTORY

Neura Asset was founded in 2018 to do one thing: deliver compelling investment results for our clients over the long term. This remains our singular purpose today, driven by a culture rooted in deep fundamental research, Artificial Intelligence technology, the pursuit of investment insight and continuous innovation on behalf of clients, and facilitated by the free exchange of ideas across the organization. Neura Asset guarantees institutional and individual investors with a wide spectrum. Our Clients currently entrust \$48 billion worth of Assets (as of April 1st, 2019) designed to deliver superior, risk-adjusted returns. Neura Asset was built on the standard of Artificial intelligence, experience, and conviction that we believe prospects expect from us.

## OUR MISSION

We do our best to achieve a consistent increase in investment performance for clients and superior value - add. We appreciate our client's loyalty and value the relationships we build with each customer. No matter what country you come from, Our professional managers will help you to choose the investment product that best fits your demands. Our managers are constantly working on implementing unique trading methods with the most advanced and effective trading technology, competitive services, high - quality. Technology helps our fundamental teams work more efficiently by improving the trading and investment process. Our proprietary systems also aid our deep fundamental and quantitative research by uncovering insights and trends that inform our investment decisions.

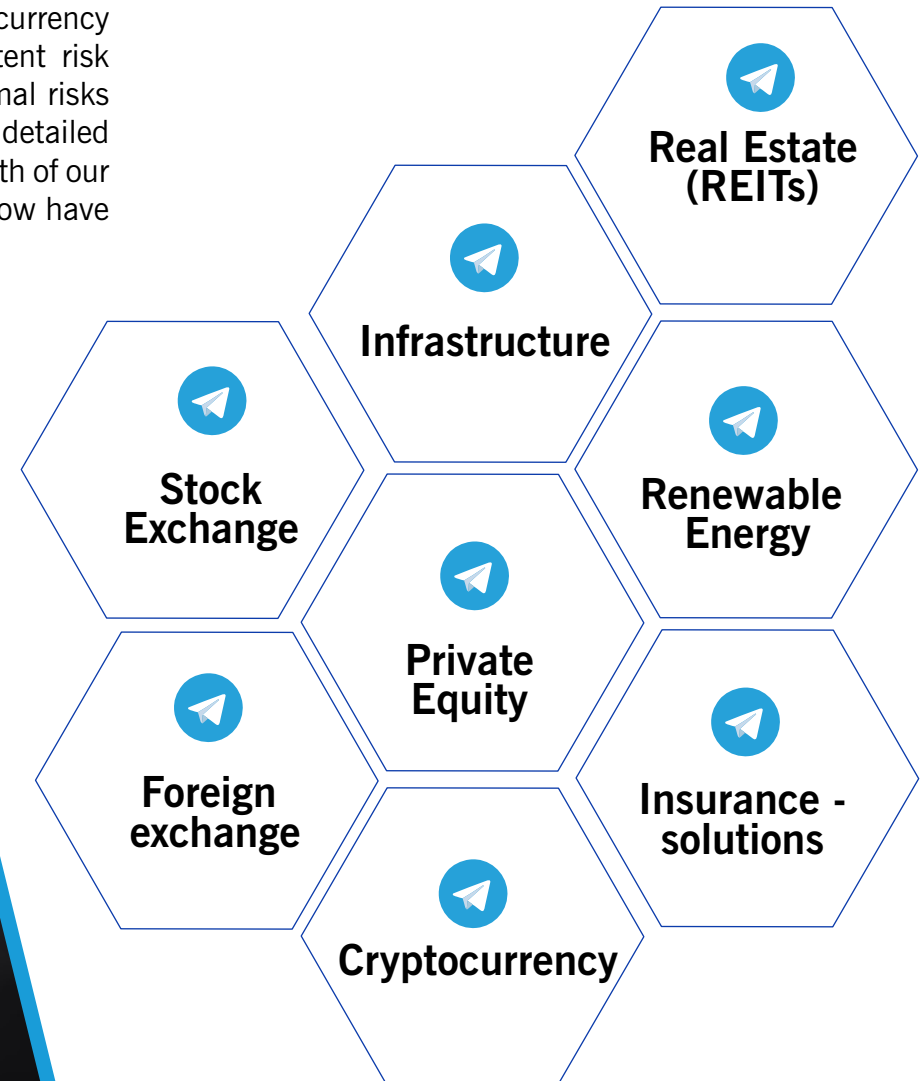

## OUR SECURITY

Our priority is to avoid trading with disproportionately more risk than return. The results should be superior performance without proportional risk. We always ensure we have funds strategically diversified in several markets. We work hard to keep your information secure. Behind the scenes, we are taking extensive steps to protect your information and your account - maintaining physical, electronic and procedural safeguard that meet or exceed federal standards. We adhere to strict institutional policies and procedures that limit the access to your personal information to those providing services on your behalf. While no company is immune from cybercrime, we employ fraud detection and mitigation techniques to reduce the risks of such crime. Of course, we understand that the protection of your sensitive information does not start and stop with Northern Trust. Clients play a critical role in the protecting your passwords to keeping your computers patched and updated. Security, of your accounts and your information, is a partnership. Trading, whether it be securities, company assets or crypto currency always involves certain financial risks. To minimize this factor, competent risk analysis is carried out, and the correct allocation of funds is made. Minimal risks allow us to avoid financial draw-down, and the unique business model and detailed market analysis along with modern technologies ensure high financial growth of our company. Our trading methods and the principles that we adhere up till now have always been bringing the company exclusive positive results.

# OUR SERVICES

## Real estate

An investor must know the market in which he is searching for property or hire an expert to help. For investors seeking an income stream from rental properties, the most important aspects to consider are property location and market rental rates. Real estate has a robust track record of enhancing portfolio diversification and delivering strong risk-adjusted returns for investors. At Neura Asset, we offer expertise across all principal real estate sectors - enabling our clients to target opportunities in their home market and globally. Our success in real estate is built on deep local research, global insight and an active approach to investing and development of our real estate assets. In this way, we seek to enable our clients to benefit from global real estate themes such as demographic change, urbanisation, technology plus environmental, social and governance

## Infrastructure

We are one of the world's largest infrastructure investors, owning and operating assets across the utilities, transport, energy and data infrastructure sectors. Our portfolio, grounded in 10 years of investment experience, provides diversified exposure to scarce, high-quality businesses with significant barriers to entry. We invest in infrastructure assets that deliver essential goods and services from the movement of passengers and freight over toll roads and rail networks to the distribution of energy and other products through ports and pipelines, and much more.

## Renewable Power:

We are one of the world's largest investors in renewable power, with approximately 21,000 megawatts of generating capacity. Our assets, located in North and South America, Europe, India and China, comprise a diverse technology base of hydro, wind, utility-scale solar, distributed generation, storage and other renewable technologies. We utilize our fully integrated global operating platform and in-house expertise to maintain facilities, organically add value and efficiently integrate new assets, realizing cost synergies in the process. Our business is underpinned by stable cash flows, with the majority of our power contracted under long-term, inflation-linked contracts.

## Private Equity

Our private equity business is focused on acquiring high-quality businesses with barriers to entry and enhancing their cash flow capabilities by improving strategy and execution. We apply our global investing and operational expertise to create value, and partner closely with management teams to enable long-term success through operational and other improvements. We also invest in attractive businesses through the public debt and equity markets or by providing financing.

# OUR SERVICES

## Insurance Solutions

Our insurance solutions business is focused on providing capital-based solutions to insurance companies and their stakeholders. At Neura Asset, we provide capital efficient investment vehicles to our longstanding institutional insurance investors and we deploy our own capital into the insurance sector through direct equity investments, reinsurance arrangements and hybrid solutions. Our Insurance Solutions team is led by a group of experienced investment and insurance professionals. Leveraging our investment management capabilities across Neura Asset and Oaktree, we seek to match long-duration liabilities with portfolios of high-quality investments to generate attractive, risk-adjusted returns for us and our partners.

## Cryptocurrency

A digital asset designed to work as a medium of exchange that uses strong cryptography to secure financial transactions, control the creation of additional units, and verify the transfer of assets. Growing incredibly in popularity in recent years, cryptocurrencies have become the go-to investment option for many. With an ever-growing selection of cryptocurrencies added to the platform, offering balanced exposure and managed by NeuraGlobe expert investment committee, by Neura Asset expert investment committee, Neura Asset presents many options for those who wish to trade and invest in the crypto market. Cryptocurrencies display extremely high volatility, and it is quite common to see double-digit percentage fluctuations within a single day. In a broader view of their longer-term performance, however, the top digital currencies have shown significant overall gains.

## Foreign Exchange:

The global foreign exchange market is the largest and the most liquid financial market in the world, with average daily volumes in the trillions of dollars. Foreign exchange transactions can be done for spot or forward delivery. There is no centralized market for forex transactions, which are executed over the counter and around the clock. ## Investment Philosophy

### How do we invest

We believe that systematic mistakes by investors, combined with structural and temporal features of markets, create security mispricings. Extensive empirical evidence supports this belief. Our disciplined and systematic process exploits these mispricings, seeking to build high risk adjusted return portfolios for our clients. Neura asset recognises that market are adaptive, that investment strategies go in and out of favor, and risk/reward relationships change over time. We acknowledge the importance of recognizing shifts in the market environment and knowing the value of different pieces of information at different points in time across global markets.

We also know that at times even the most sophisticated stock selection attributes will converge towards temporary macro risk trends. Managing these risk is paramount to the long - term success of any given strategy.

Neura asset has long believed that environmental, social and governance (ESG) consideration go hand - in -hand with traditional investment issues, having implemented ESG criteria into our investment process.

## Investment Principles

### Profitability

Neura asset is run for the benefit of its clients. Our Firm's profitability must stem from doing all of the above. Neura asset is run for benefit of its client and their constituencies as for its owners and employees. Profit without performance, bigness for its own sake and prosperity through cost cutting are all explicitly rejected. Our earning should grow if we achieve excellence in investing. Our goal is excellence in investing. To us, this means achieving attractive returns without commensurate risk an imbalance

which can only be achieved in markets that are not efficient. Although we strive for superior returns, our first priority is that our actions produce consistency, protection of capital and superior performance in bad times.

## **Risk Consideration**

Risk regulation, complexity. To manage these challenges, and more, we have implemented a long term strategy to supply our stakeholder, employees, clients communities and shareholders exchange that use strong cryptography to secure financial transaction control the creation of additional units and verify the transfer of assets. growing incredible in popularity in recent years, cryptocurrencies have become the go to investment option for many. With an ever growing selection of cryptocurrencies adds to the platform, offering balanced exposure and managed by Neura asset expert investment committee

Our strategy focuses on building on our strong core, achieving a digital enterprise, trading in diverse market and optimizing our capital. We maintain close relationships with analysts and investors to make sure they understand our goals, how we plan to get there and our progress along the way. By transparently sharing developments on our strategic progress and financial results.

## **Our culture**

### **We are innovative**

We believe that continual improvement is critical amid constant change. Our emphasis on learning and our entrepreneurial spirit enable us to meet the evolving needs of our clients.

### **We value integrity**

We hold ourselves to the highest ethical standards. Trust is at the core of our relationships with clients and with each other. We work hard to earn and sustain that trust.

### **collaboration**

We expect and value collaboration — it is a hallmark of our culture. A sense of community exists at our firm. Teamwork predominates.

### **We are humanistic**

We recognise that careers and lives are not linear. Acceptance of this ebb and flow of life is an important part of who we are.
